## WOW Employee Recognition Program

Our new recognition program will be rolled out during Hospital Week! A committee of employees are being nominated to serve on the selection committee to identify through your submissions two individuals monthly to be recognized. The employee committee will choose a clinical and non-clinical employee, volunteer, physician or contractor based on the stories you submit. It could be you as next months' first winner!

As we celebrate National Hospital Week, I along with the senior leadership team thank you for all you do to care for the patients and their families of our community. You have focused your career on helping others by working at Lower Bucks Hospital. I have felt so welcomed by everyone since starting at LBH on March 12<sup>th</sup>. There is a warmth felt here that cannot be matched! Thank you for reaching out to share your stories with me as I learn about the history and work you do at LBH.

Sincerely,  
Kelly Lorah  
Chief Executive Officer
